A photograph of a woman lying on a bed, viewed from the waist up. She is wearing white lace lingerie and a thin bracelet on her right ankle. Her legs are raised and bent at the knees. The background shows a headboard with a diamond-quilted pattern.

Victoria Volkonskaya

St Petersburg, Russia

I was born and raised in Saint Petersburg, Russia and started modeling in the first grade. Eventually I started my first online store selling sexy lingerie so I was no longer concentrating on modeling. I thought it was for 16 year old girls, but then the world started to change and nude photos weren't so shocking anymore.

I started to compete at Miss Saint Petersburg in 2016 and was selected as the people's choice for Playmate Of The Year in 2018.

So now I'm back in the modeling business again.

BTW, I'm also a designer of sexy swimwear @kupalniklux

A SHORT BIO

Marie Brooks

New York City

I love traveling and exploring beautiful places so being a full-time traveling model has allowed me to live an interesting life. Modeling, artistic nudes in particular, caught my interest as a way to create art with my body. With a dance background I have a good body awareness and I take direction well. This is my expression. I enjoy experimenting with new ideas and working with artists to create beautiful images. I created MB Photography Retreat as a way to create a safe place for artistic expression, networking and mentorship. Check it out at MBPhotographyretreat.com

Delayne Skye

Woodbridge, VA

I have been modeling successfully for over a year with a couple of publications. My specialties are artistic and glamour nude, but I am open to many other genres. I've been told that my best feature is my eyes and my face as I'm able to change my expressions instantly. I have many tats and piercings. Think Suicide Girl glamour babe, on steroids, and you'll be pretty close to the truth!
